PROFESSIONAL SUMMARY

Applying analytical and statistical skills to understand human behavior, grounded in a dual-major background in Data Science and Psychology. Seeking to leverage 13 years of project management and organizational experience in a quantitative psychology Ph.D. program.

SKILLS

Research skills: Literature review, long-form writing, data entry and auditing, statistical analysis, summarizing and presenting research, independent work, social dynamism, peer tutoring.

Software skills: Proficient in R, Python, R and Quarto Markdown, R Studio, Microsoft Visual Studio, Jamovi, Zotero, Office 365 software suite.

EDUCATION

Master of Science, Willamette University August 2026
Data Science Salem, OR

Bachelor of Arts & Bachelor Science, Willamette University May 2026
BA in Psychology, minor in Mathematics (Magna Cum Laude, Dept. Honors) Salem, OR
BS in Data Science (Magna Cum Laude)

Associate of Arts, Chemeketa Community College August 2023
General Studies Salem, OR

RELEVANT COURSE WORK

- Psychology: Research Methods I & II, Developmental, moral, cognitive neuroscience, and I/O
- Survey Methods and Design
- Ethics: Fundamentals, biomedical, data science (graduate)
- Biology: Ecology, cellular
- Math: Trigonometry, calculus I and II, foundations of advanced math, linear algebra, math for data science
- Probability and statistics I and II
- Data science (graduate): Python for DS, adv. applied machine learning, data visualization, adv. data engineering (SQL, Airflow, dbt)

RESEARCH AND ACADEMIC EXPERIENCE

MSDS Capstone Project, *Willamette University*, Salem, OR Summer 2026

- Conducted confirmatory factor analysis to validate the 21-item Depression Anxiety Stress Scales (DASS-21) measure for between gender comparisons and replicated findings of average gender differences in depression, anxiety, stress, personality, and personality as a predictor of mental health using the Answers to the Depression Anxiety Stress Scales data set available from the Open Psychometrics Project.

RESEARCH AND ACADEMIC EXPERIENCE

MSDS Adv. ML Final Project, *Willamette University*, Salem, OR Summer 2026

- Applied machine learning models such as XGBoost, AdaBoost, LightGBM, with Ensemble to extract important features predictive of depression, anxiety, and stress using the DASS-21 subscales for males and females with moderate to severe symptoms. Conducted a separate analysis using personality and demographic information toward the same end.

Research Assistant, *Willamette University*, Salem, OR Fall 2025 – Summer 2026

- Used repeated measures analyses (ANOVA, multilevel modeling) to study response styles used in trait honesty scales (with Caleb Reynolds, Ph.D).

Institutional Research Assistant, *Willamette University*, Salem, OR Fall 2025 – Summer 2026

- Conducted a literature review and assisted in survey construction to study the relationship between sense of community and student retention in STEM.

Senior Research Project, *Willamette University*, Salem, OR Spring 2024 – Spring 2025

- Explored academic help-seeking behavior among Asian American college students based on internalization of the Model Minority Stereotypes (with Melissa Witkow, Ph.D).
- During the project, I applied for IRB approval, wrote survey questions, collected and analyzed data (e.g., correlation, multiple regression), which culminated in a research paper and presentation at Willamette's Student Scholarship Recognition Day event.

WORK EXPERIENCE

Teaching Assistant, *Willamette University*, Salem, OR January 2026 – May 2026

- Provided embedded tutoring support for 34 students in an introductory inferential statistics course. Key tasks included attending course meetings, holding office hours, creating keys to homework assignments, and grading assignments with detailed feedback.

Intro to Psychology Tutor, *Willamette University*, Salem, OR March 2024 – May 2025

- Applied CRLA training to improve student outcomes in intro to psychology courses.

CRLA Certified Tutor, *Chemeketa Community College*, Salem, OR June 2022 – August 2023

- Tutored students in math, writing, and psychology (i.e., intro, life span development).
- Applied College Reading and Learning Association (CRLA) training, including active listening, Socratic questioning, and Bloom's Taxonomy to enhance student learning in non-traditional students of diverse backgrounds.

Operations Manager, *AC&E Electric Company*, Salem, OR November 2011 – March 2021

Project Manager, *AC&E Electric Company*, Salem OR June 2008 – November 2011
